BEGIN TEXT:

Sixty-second session  
Sixth Committee  
Agenda Item: 84

Draft Resolution  
Consideration of prevention of transboundary harm from hazardous activities and allocation of loss in the case of such harm

The General Assembly,

Recalling that the International Law Commission at its fifty-third session completed the draft articles on prevention of transboundary harm from hazardous activities and recommended to the General Assembly the elaboration of a convention on the basis of the draft articles,

Recalling also its resolution 56/82 of 12 December 2001,

Noting that the International Law Commission at its fifty-eighth session completed the draft principles on allocation of loss in the case of transboundary harm arising out of hazardous activities and recommended to the General Assembly that it endorse the draft principles by a resolution and urge States to take national and international action to implement them,

Recalling its resolution 61/36 of 4 December 2006, the annex to which contains the text of the principles on allocation of loss in the case of transboundary harm arising out of hazardous activities,

Emphasizing the continuing importance of the codification and progressive development of international law, as referred to

in Article 13, paragraph 1 (a), of the Charter of the United Nations,

Noting that the questions of prevention of transboundary harm from hazardous activities and allocation of loss in the case of such harm are of major importance in the relations of States,

Taking into account the views and comments expressed in the Sixth Committee at its sixty-second session on the prevention of transboundary harm from hazardous activities and allocation of loss in the case of such harm,

¶1. Welcomes the conclusion of the work of the International Law Commission on prevention of transboundary harm from hazardous activities and allocation of loss in the case of such harm and its adoption of the respective draft articles and draft principles and commentaries on the subjects;

¶2. Expresses its appreciation to the International Law Commission for its continuing contribution to the codification and progressive development of international law;

¶3. Commends the articles on prevention of transboundary harm from hazardous activities, presented by the International Law Commission, the text of which is annexed to the present resolution, to the attention of Governments without prejudice to any future action as recommended by the International Law Commission regarding the articles;

¶4. Commends once again the principles on the allocation of loss in the case of transboundary harm arising out of hazardous activities, presented by the International Law Commission, the text of which was annexed to its resolution 61/36 of 4 December 2006, to the attention of Governments

without prejudice to any future action as recommended by the International Law Commission regarding the articles;

¶5.
